Discover Pembrokeshire’s special places

Get set for an epic adventure with the National Trust in Pembrokeshire. We care for miles (and miles!) of the county’s coast and countryside, along with historic houses, colourful gardens and an array of accommodation. Whether you’re all about walking, wildlife watching, history and mystery or making a splash, we’ve got you covered. So what are you waiting for?

1. COASTAL CHARM
Visit Broad Haven South for classic coastal charm, go rockpooling at Marloes Sands and uncover adventure at Aberdeiddi and its Blue Lagoon. For watersports, you can make a splash with guided sessions from Stackpole Quay and Freshwater West.

2. A GARDEN FOR ALL SEASONS
Colby Woodland Garden is a riot of colour and a must-visit throughout the year. Follow winding woodland trails, admire seasonal blooms in the walled garden and let little ones enjoy natural play with pond dipping, tree climbing and den building.

3. WILDLIFE WOWS
Come and meet our resident wildlife; autumn is the real wow as we welcome in seal pup season! Head to the Marloes Peninsula on a guided ranger walk to see the Atlantic grey seals and their pups. Have those binoculars ready...

4. HANDS-ON HISTORY
If you’re all about history and mystery, step back in time at the Tudor Merchant’s House in Tenby and see what life was like in the 1500s. Uncover the superstitions and secrets of Tudor sleep as we launch our Don’t Let the Bed Bugs Bite programme of activities.

5. FARM LIFE
For a glimpse into rural life, head to the Southwood Estate, our home farm for North Pembrokeshire. Follow the walking trails around the estate, visit the shearing shed for information, come along to one of our flagship events and maybe even spot our herd of Welsh Black Cattle.

6. PLACES TO STAY
When you’re done exploring for the day, take your pick from cosy cottages to eco-friendly camping to big group houses. For an escape in the great outdoors, sleep easy under the stars at Gupton Farm, our coastal campsite and farmhouse accommodation nestled behind Freshwater West.

Every visit helps us to safeguard special places in Pembrokeshire for ever, for everyone.

Cycling in Pembrokeshire has never been better, the southern section of the Lôn Teifi Trail and the Pembrokeshire stretch of the Celtic Cycle Trail to navigate, but also a host of new routes that follow little used back roads and link together interesting places to visit.

The Medieval Mystery Trail is a circular route that passes through countryside and coastal sections and takes in medieval and other historical sites such as Lamphey Palace and Manorbier Castle. Named after a Flemish chieftain, the Wizo Trail explores the central area of Pembrokeshire that was once controlled by this fierce warrior, taking you past three castles and other buildings of historical significance. Running along the southern foothills of the Preseli Mountains, the Preseli Stones Trail offers outstanding views, particularly of the area from which the Stonehenge ‘bluestones’ originate.

No trip to Pembrokeshire would be complete without a walk along its magnificent coastal path. Hailed as one of the best long distance trails in the world, the path runs for 186 miles from St Dogmaels in the north all the way to the southern point of Amroth. Be awed by the stunning and ever changing scenery on one of any number of walks along this remarkable route, many of which can be reached by a coastal bus service. It’s not just the coastal path that offers superb walks in Pembrokeshire. There are also hundreds of trails through its beautiful countryside to be discovered.

Here are seven stunning coast and countryside walks to help you on your way:

- Bosherton Lily Ponds to Broad Haven South beach is an easy walk with plenty of wildlife. 1 mile.
- Cwm yr Eglwys to Pwlgwaelod, on the path through the wooded valley, is a lovely stroll suitable for pushchairs and wheelchairs. 1.3 miles.
- Porthgain to Aberediddi along the coastal path to see the Blue Lagoon. 2 miles.
- St Brides/Marloes is a half-day circular walk that takes in coast and countryside. 4.6 miles.
- Solva to Newgale offers superb coastal scenery with great cafes at both ends. 5 miles.
- The Golden Road is a gently undulating route running along the spine of the Preseli Hills. 7 miles.
- Amroth to Lydstep is a strenuous walk with a good mix of terrain and gorgeous views. 11.5 miles.

A fabulous roller-coaster journey along the west coast of Wales through the best coastal landscapes Wales has to offer. It makes for a memorable road trip by whatever means you fancy; by car, by bike, by bus or on foot.

One of Wales three Way routes, The Coastal Way follows the A487 all the way from St Davids in Pembrokeshire, through Ceredigion and finishing in Aberdaron on the Llyn Peninsula. It’s a gem of a route with plenty of scope to meander. In fact, the more diversions you can find that take you off the A487, the better, especially the tiny roads that more closely hug the coastline. There are plenty of great places to stay, dozens of beaches to discover and lots of attractions to inspire you.

Pembrokeshire’s varied and unspoilt coastline provides an excellent habitat for a range of sea birds and wildlife. Take a sightseeing boat trip and, depending on the time of year, you’re likely to see razorbills, gannets and guillemots, as well as grey seals, dolphins, basking sharks and possibly even whales. The islands of Skomer and Skokholm in particular are a world-class bird-lovers paradise. Visit by ferry from April to October to see vast colonies of sea birds including puffins and Manx shearwaters.

Pembrokeshire’s rich history can be explored in many ways. Walk the 5000-year-old Golden Road that follows the main trade route between Britain and Ireland, see the area of the Preseli Hills that provided dolerite ‘bluestones’ for the second phase of Stonehenge’s construction and visit one of the many castles built along the coastline in strategic positions.

Image: Carew Castle
Scolton Manor Museum and Country Park Garden gives a fascinating glimpse into history. Over three floors you can experience life above and below stairs in this beautifully preserved Victorian manor house, while the park, woodland and gardens are excellent for outdoor fun.

Learn about an important piece of history through the Last Invasion Tapestry, which tells the story of the last invasion of the British mainland by the French in 1797. This 100-foot long creation was commissioned to celebrate the invasion bicentenary in 1997 and is housed in a purpose built gallery within the Fishguard Library.
Conquer a new skill

Ever fancied a go at horse riding, bird watching or even mountain biking?

A holiday in Pembrokeshire is the perfect time to discover a new activity. Let the breathtaking landscape inspire you through an art class, or discover a new area on a guided walk. A Guide to Quality Assurance

All the accommodation featured in this publication has been independently assessed so you can make your choice in confidence, knowing that each place to stay has been given a rating according to the quality and facilities on offer. These ratings mean that you can be sure of standards and choose the accommodation that’s just right for you.

Visit Wales/AA are the only checking agents in Wales, checking out over 5,000 places.

What do our star ratings mean?

Visit Wales STARS are evidence of quality. They range from one to five stars and are a reliable indication of the services and facilities you can expect in accommodation which includes hotels, guest houses, bed and breakfast, farm accommodation, hostel/hostel type accommodation, self-catering cottages and apartments and caravan holiday home and touring/camping parks.

Glamping Sites and alternative accommodation such as yurts, tipis and tree houses are also checked to ensure that they meet minimum standards.

Cleanliness is the most crucial element of any assessment and minimum standards, particularly at the higher star ratings which reflect consumer expectations.

All accommodation grades are based on a set of common quality standards agreed by Visit Wales, Visit England, Visit Scotland, Tourism Northern Ireland and the AA.

Does a lower star rating equal less quality?

Many lower star rated accommodations may still offer high quality but do not meet all of the facility and service expectations for the higher star ratings. It is particularly important not to compare Guest Accommodation ratings against Hotel ratings as different criteria are used when assessing. The advice is to always check with an establishment before booking to check that the accommodation offers the services and facilities that meet your needs - they will only be too pleased to help.

Also look out for that extra-special property that has been awarded Visit Wales’ Gold Award, given for exceptional standards of hospitality, comfort and food in serviced accommodation.

Occasionally, it has not been possible to visit the accommodation prior to publication. In these instances, the property is marked as ‘Awaiting Grading’. Some accommodation operators have chosen not to be star rated, but they have been checked out to ensure that they provide an acceptable level of services and facilities appropriate to their type of business. They are identified as either ‘Verified’ or ‘Listed’.

Visitor Attractions

Look out for the Visit Wales Quality marque This only gets awarded to attractions that have been independently assessed against the national standards of the Visitor Attraction Quality Assurance Scheme to ensure that all areas important to your visit are of the best standard.

Accommodating visitors with disabilities

All Visit Wales graded properties have an Access Statement/Accessibility Guide. This tells visitors in a clear, accurate and honest way how the property can meet their particular needs. Three symbols help visitors with physical impairments find the Access Statements/Accessibility Guides of most relevance to them. Accommodation providers have selected the one symbol which best describes the improvements that they have made to their properties.

Look out for these symbols:

- Access improved for mobility impaired people
- Access improved for visually impaired people
- Access improved for hearing impaired people

The advice is to always check with an establishment before booking to check that the accommodation offers the services and facilities that meet your needs.

Please note:

All gradings and awards were correct at the time of going to press. Occasionally, it may not have been possible to undertake a grading. This situation is clearly identified by ‘Awaiting Grading’ appearing within the advertisement/entry.

Grading assessments are on-going and improvements made by establishments may have resulted in a revision since publication. Please check when booking.

Further information on gradings and awards is available from Visit Wales, Welsh Government, Rhodfa Padarn, Llanbadarn Fawr, Aberystwyth, Ceredigion SY23 3UR
